

# School Accountability Report Card Reported for School Year 2008-09

*Published During 2009-10*

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### *DataQuest*

*DataQuest* is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

Welcome to Elitha Donner Elementary School where we believe our children deserve an educational environment that provides all students with the opportunity to become successful life-long learners.

Our entire Elitha Donner Elementary School staff is committed to providing educational experiences for students that promote a desire and willingness to: work hard to learn; be cooperative; develop self-discipline; be responsible for their own behavior; learn how to solve problems; and demonstrate a respect for and trusting acceptance of self and others. Acceptance is communicated through actions within an environment that demonstrates sensitivity to differences in gender, learning and communication styles, customs, and ethnic role-model representation.

The parents and families of the students we teach are our most influential partners and greatest allies. Your involvement and participation is needed and valued. Communication is a vital component to the success of our students. School wide communication folders go home each Monday. Each trimester you will receive a school newsletter. Weekly information can be found on the marquees on the corner of the school campus and above the Multipurpose Room. For more specific information, please continue to view our Elitha Donner Elementary School web site at: [www.egusd.net/donner](http://www.egusd.net/donner) as it is updated regularly. Our teachers and staff can also be reached by e-mail or by calling our school office at 683-3073.

We are extremely proud that our students, teachers, staff, parents, and community continue to expect and support high academic standards for our children's education. Each new school year brings new opportunities and new accomplishments. This year we will continue to ask students, staff, and parents to give their best effort so that we can maximize learning for every Elitha Donner student.

Michelle Jenkins, Principal Elitha Donner Elementary

## Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

Elitha Donner Elementary School recognizes the vital connection between home and school. Parents are a child's first and most important teachers. When parents participate in their children's education, students are more successful in school. Parental involvement is more important for student achievement than income, social standing, or a parent's education level. All families can help their children succeed by creating a home environment that encourages learning, sharing high but reasonable expectations, and getting involved with their children's education through school and community programs.

We know parents are the people who know their children best. When parents are welcome partners in education, the quality of our school increases greatly. Here are just a few ways families can help: visit the school regularly, advocate for your child, attend Parent/Teacher conferences, volunteer, and join the PTA.

## III. School Climate

### School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

As part of the Comprehensive Safe School Plan, the Elitha Donner Elementary School Preparedness Team has crafted a plan to deal with any unforeseen emergency. A crisis response box is located in the school's office and is updated every year. In July of 2009, our staff updated and reviewed our School Safety Plan. An "Emergency Handbook", outlining a plan of action for emergencies is kept in the school office. An 'Emergency Procedures' flip chart is located on the wall in every classroom for immediate access. Students and staff participate in monthly fire drills and quarterly lock down and earthquake drills. The district's Police Services Department also works closely with our school site to provide a safe, secure environment for all. We continually work to provide a physical environment where all students feel safe, and are able to work and play productively.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

Expulsions	0.0	0.0	0.0	0.3	0.4	0.3

## IV. School Facilities

### School Facility Conditions and Planned Improvement (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

Elitha Donner Elementary is one of only a few schools named after a child. Opening as one of Elk Grove Unified School District's "hopscotch" schools, it initially consisted of relocatable classrooms. A new permanent set of buildings was constructed at the Elitha Donner site in 1996 to supplement the portable buildings. We now have 46 classrooms, a large multipurpose room, and an indoor and outdoor stage. In addition, there is a full PC computer lab, as well as student computers in each classroom. Our custodial crews take pride in the cleanliness and maintenance of our school. To help with their efforts our "Campus Pride" program is in full effect with our students and teachers taking turns weekly to monitor the cleanliness of our school grounds. Monthly Facilities Check Lists are completed and reviewed. Areas of need are immediately addressed to ensure that our students and staff are provided with a clean, safe, and functional learning environment.

The Elk Grove Unified School District governing board has adopted cleaning standards for all schools in the district. Student safety being the highest priority, our district maintenance staff ensures that needed repairs are completed in a timely manner. A work order process is used to ensure efficient service and that repairs are prioritized to ensure student safety. A summary of these standards is available in the school office or the district Facilities Department.

There are no corrective actions necessary at this time.

## School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Date of facilities inspection: 11/3/2009

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2007-08)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
<b>School Site</b>	\$6,233	\$1,202	\$5,031	\$63,576
<b>District</b>			\$6,742	\$63,945
<b>Percent Difference – School Site and District</b>			34%	1%
<b>State</b>			\$5,512	\$67,049
<b>Percent Difference – School Site and State</b>			10%	5%

### Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

Our site has many specialized programs designed to support student achievement and engagement at school. Accelerated Reader (AR) is a computer program that facilitates reading practice by providing students and teachers feedback from quizzes based on the books students read. Our Kindergarten students have the opportunity to become a member of the BEAR - Be Excited About Reading - Club. The GATE/Accelerated learning program is designed for pupils demonstrating a willingness to be challenged to learn at a faster pace, with greater depth in curriculum and above that of his/her grade level standards. Our school offers several "After School Academies" which offer enrichment, acceleration and student support. Academic Enrichment includes: Skills Club, Homework Club, Chess, Spelling Bee, Student Leadership and Writing and Science Faire competitions. In the area of Visual and Performing Arts, students may attend Art, Scrapbooking, Drama, Choir, Band, and Film academies. Physical fitness opportunities include the SPARK program taught during PE. Students are encouraged to participate in the Governor's Fitness Challenge by taking part in Basketball, Volleyball, or Track & Field at school.

### Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA for grades three through eight and science in grades five and eight and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

### Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
English-Language Arts	57	57	71	49	51	55	43	46	50
Mathematics	60	60	70	48	49	51	40	43	46
Science	50	47	63	43	51	53	38	46	50
History-Social Science	0	0	0	37	40	47	33	36	41

### Standardized Testing and Reporting Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	68	60	58	
American Indian or Alaska Native	*	*	*	
Asian	78	85	61	
Filipino	81	83	*	
Hispanic or Latino	58	63	50	
Pacific Islander	82	55	*	
White (not Hispanic)	77	75	72	
Male	68	72	67	
Female	74	69	60	
Economically Disadvantaged	63	62	54	
English Learners	33	47	*	
Students with Disabilities	48	52	*

## California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	17.7	25.5	24.1
7	0.0	0.0	0.0
9	0.0	0.0	0.0

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	8	8	7
Similar Schools	7	6	8

### API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	-1	0	47	867
African American	19	18	66	842
American Indian or Alaska Native				
Asian	-25	-4		
Filipino				
Hispanic or Latino	1	-4	65	813
Pacific Islander				
White (not Hispanic)	1	10	26	893
Socioeconomically Disadvantaged	8	3	57	822
English Learners				
Students with Disabilities				

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
<b>Overall</b>	Yes	No
<b>Participation Rate - English-Language Arts</b>	Yes	Yes
<b>Participation Rate - Mathematics</b>	Yes	Yes
<b>Percent Proficient - English-Language Arts</b>	Yes	No
<b>Percent Proficient - Mathematics</b>	Yes	No
<b>API</b>	Yes	Yes
<b>Graduation Rate</b>	N/A	Yes

### Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
<b>Program Improvement Status</b>		In PI
<b>First Year of Program Improvement</b>		2009-2010
<b>Year in Program Improvement</b>		Year 1
<b>Number of Schools Currently in Program Improvement</b>		6
<b>Percent of Schools Currently in Program Improvement</b>		9.1

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school participates in both district and school site professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Classes for support staff, Para Educators, School Secretaries, Office Clerks and Custodians are also offered through our school and district. In our continuous work in closing the achievement gap, we encompass the Trainer of Trainers program. Our team meets throughout the school year. As part of this training, our teachers focus on the Rigor, Relevance and Relationship Model to build stronger relationships with students while increasing the rigor and relevance in their teaching. As part of the Laguna Creek Regional format, our teachers participate in articulation, observation, and training from a Kindergarten through 12th grade perspective. These teams return to the site to share the information learned with school staff. District and site professional learning emphasizes English Language Development Instruction, Special Education, and Intervention Strategies. New teachers teaching fewer than two years are supported and participate in the beginning teacher program sponsored by our school district. New teachers meet weekly with an experienced mentor teacher throughout the program.

## XIII. National Assessment of Educational Progress

### National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

### National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight.

Subject and Grade Level	Average Scale Score		Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

## National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – All Students

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
Mathematics 2009, Grade 8	85	96	78	92
