

School Accountability Report Card Reported for School Year 2007-2008

Published During 2008-2009

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

Edward Harris, Jr. Middle School
NASA Explorer School
A community of "Future College Graduates"

Edward Harris, Jr. Middle School truly provides a unique and wonderful educational experience for all students, from the safety of the campus, to the warmth of the learning environment, and to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners and to become prepared for high school, college, and a career.

Included in the school vision at Edward Harris, Jr. Middle School is the principle that all students are immersed in a college-oriented culture of rigorous learning. Staff participate in "Where You're Headed Wednesdays," by sporting college t-shirts. People who enter the Student Services building are met with college information and banners from universities throughout the United States.

Edward Harris, Jr. Middle School emphasizes a team approach to achieve the district's mission to "provide a learning community that challenges ALL students to realize their greatest potential." Students experience exemplary academic, enrichment, and intervention classes on a block schedule. Enrichment classes include career and college awareness courses. Being a NASA Explorer School provides teachers, students, and families with mathematics, science, technology, engineering explorations, and problem solving activities related to NASA's missions, using scientific tools and methods.

With a rigorous standards-based academic program and a variety of course offerings, along with a dedicated, talented, and student-centered staff, Edward Harris, Jr. Middle School strives to be the "best place to teach, learn, and achieve." Students are to be Hardworking, Accepting, Responsible, Respectful, Innovative, and Scholarly (H.A.R.R.I.S.). Our theme is to "become a five star middle school by building small learning communities in order to eliminate the achievement gap through rigor, relevance, and relationships."

Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

Parent support and involvement are important aspects of the success at Edward Harris, Jr. Middle School. We are proud of our Parent Lunch Days, Watch D.O.G.S. (Dads of Great Students) program, Closing the Achievement Gap parent meeting, and the C.O.L.T.S. (Creating Opportunities of Learning Together with Students) parent organization that builds a strong and cohesive partnership between home and school. Each month parents and students may attend Parent University classes, taught by our teachers, to participate in interactive curriculum and middle school activities. We always welcome parents to volunteer in school activities. For more information on parent involvement opportunities, you may contact Mrs. Kelly McCormick at 688-0080.

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

At Edward Harris, Jr. Middle School, we believe that nothing should get in the way of the academic achievement of our students. Our staff reviewed and updated our School Safety Plan in August 2008. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The district makes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Included is more specific information on the condition of the school. Our beautiful campus was built in 2004. We have a large multipurpose room with a stage, a gymnasium, dance room, band room, a science building, 32 regular classrooms, two computer classrooms, and an exploring technology classroom with a project room. We are proud of our campus and strive to keep our school clean, safe, and functional. We provide an orderly environment for teaching and learning. Regular inspections are conducted at our site by the site supervisor.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

State			\$5,300	\$65,008
Percent Difference – School Site and State			-26.7%	-21.2%

Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

Our priority at Edward Harris, Jr. Middle School is to assist teachers in supporting all students, including English Learners and students with special learning needs. The Connections department services not only special education students, but also general education students who require additional support to meet curriculum standards. Bilingual Teaching Associates help English Learners access the core curriculum. The Gifted and Talented Education students receive accelerated instruction and participate in extended day activities. The Advancement Via Individual Determination (AVID) program is vital in motivating students to plan for college. The Zeros Aren't Permissible (ZAP) after school program is for students who need extra tutoring or homework help. In addition, we host the After School Educational Safety Program (ASES). The program is staffed by Sacramento City Parks and Recreation.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category

Percent of Budget for Administrative Salaries	4.7%	5.5%

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	No	No
API	Yes	Yes
Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	N/A	Not In PI
First Year of Program Improvement	N/A	N/A
Year in Program Improvement	N/A	N/A

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2008-2009, our school has a professional development emphasis in culturally responsive instructional strategies. Through our district's Trainer of Trainers program, four times per year a team of teachers attends training on best teaching practices and returns to the site and shares the information they learned with the whole staff. In addition, our school has a weekly early out schedule in which students leave school one hour early. Teachers use this time to meet and review student work, discuss student common assessment data, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs through progress monitoring.

Our teachers also take part in a district math professional development program for teachers of grades 3-7 that is intended to increase students' conceptual understanding of mathematics. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities.

New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
