

School Accountability Report Card Reported for School Year 2007-2008

Published During 2008-2009

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

Laguna Creek High School, Building Excellence in All - One Student At a Time!

The mission of Laguna Creek High School is to enable students to attain standards of academic excellence that prepare them for responsible citizenship, lifelong learning and productive employment in our ever-changing world. Accomplishing this supports our district's mission to provide a learning community that challenges ALL students to realize their greatest potential.

Laguna Creek High School provides students with many excellent academic and extra-curricular opportunities which empower students to succeed. We have designed our academic program to support achievement through:

- Personalized instruction via extended learning periods and three career academies
- High academic standards, which include model enrollment requirements in a second year of world language, visual and performing arts, and community service
- Academic guidance and skill enhancement through our school-wide Advocacy Program
- Comprehensive athletic and extracurricular programs
- Our academic programs support our district's bold goals
- 100% of students will demonstrate proficiency in core academic areas
- 100% of 12th graders will pass the California High School Exit Exam
- 100% of students will be college or career ready

We expect all students to meet high academic and behavioral standards. In order to maintain a safe environment focused on learning, Laguna Creek High School has a zero tolerance policy toward weapons, violence, and drugs.

We welcome parents and guardians on our campus and encourage all parents and guardians to stay connected to what is happening at LCHS and in their child's education through using the web-based School Loop Program. We encourage parents to volunteer their services on our campus and assist the school in educating their sons and daughters. Parents as partners will assure the success of the school in its commitment to excellence, service, and innovation.

Doug Craig, Principal
Laguna Creek High School

Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

There are a number of ways to become involved with your child's education. Our school has an active PTSO that supports all student clubs and athletic teams as well as Sober Grad Night. Our Concerned African American Parent (CAAP) group was formed in the summer of 2007 to work with the LCHS staff to eliminate the academic achievement gap for all students. They currently are working with our after school program, Cardinal University, to help all students through a variety of support groups. Parents of English Learners are also encouraged to join the English Learners Advisory Committee. For more information, please contact the school at 683-1339.

Student Enrollment by Grade Level (School Year 2008-09)

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

We employ a School Resource Officer in a partnership with the Sacramento County Sheriff's Department as well as Campus Supervisors. The school's Safety Plan was reviewed and modified in July of 2008. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Security staff monitors all after-school events, such as games and dances. The district's Police Services Department works closely with our school site to provide a safe and secure environment for all students. Laguna Creek High School was pleased to host an extensive law enforcement training exercise, "Laguna Rescue," during March of 2008. This was an active shooter scenario in which over 500 personnel from 50 law enforcement and rescue agencies participated.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

Expulsions	0.7	1.3	1.5	0.4	0.3	0.4

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this facility survey shows no corrective actions needed.

Our school has 87 classrooms, a multipurpose room, a library, an administration building, two gyms, a weight room, a dance room, a black box theatre, and two all-use computer labs. The main campus was built in 1994. An addition to the multipurpose room was constructed in 1999-2000. Seventeen of the 87 rooms are temporary portables that have been on site since 1999 when over 3000 students attended Laguna Creek High School.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$5,835	\$681	\$5,154	\$60,506
District			\$4,857	\$62,890

State			\$5,300	\$65,008
Percent Difference – School Site and State			-2.8%	-7.4%

Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

At our school we have highly qualified staff to assist students with special learning needs. Our English Learners receive support in transitional classes, allowing them to access the core curriculum and placed in classes to learn English as needed. Gifted and Talented students participate in Honors and Advanced Placement courses. Students who need extra tutoring or homework help can receive departmental help. Other special programs offered include: Manufacturing Production and Technology Academy, Business Careers Academy, A.V.I.D., and the new Sports Sciences Career Academy. The after-school enrichment center started in 2007 has been enhanced by the acquisition of a 21st Century ASSETS Grant. The Center is now referred to as "Cardinal University" and provides academic support opportunities, a study hall, and enrichment activities. The hours are open Monday through Thursday from 3:00 p.m. to 6:30 p.m. and Friday 3:00 p.m. to 4:30 p.m.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category

Percent of Budget for Teacher Salaries	45.4%	39.9%
Percent of Budget for Administrative Salaries	4.7%	5.5%

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	7	5	6
Similar Schools	9	5	6

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in grade 12, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.

Career Technical Education Programs (School Year 2008-09)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered at the school.

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support.

At Laguna Creek High School, we have four courses of study that can provide students with an introduction to a technical career. These courses of study are our Manufacturing Production Technology Academy (MPTA), Sports Careers Academy (SCA), Green Energy Technology Academy (GETA), and the Business Careers Academy (BCA). The first three listed are state funded by the California Partnership Academy (CPA) grants.

Laguna Creek High School also offers students a Regional Occupation Program (ROP) in retail sales. This is provided on our campus through the Sacramento County Regional Occupation Program office. This course provides our students with the necessary skills to seek life-long employment in the retail sales field. Resume writing, proper work attire, punctuality, etc., are just some of the topics that are covered.

Regardless of the career path chosen, Laguna Creek High School makes every effort to work with the students to ensure that they meet district and state graduation standards.

Career Technical Education Participation (School Year 2007-08)

This table displays information about participation in the school's career technical education (CTE) programs.

Measure	CTE Program Participation
Number of pupils participating in CTE	1,610
Percent of pupils completing a CTE program and earning a high school diploma	82.7%

Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	65.3%
Graduates Who Completed All Courses Required for UC/CSU Admission	38.7%

Advanced Placement Courses

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>. 2007-2008 data reported by CDE; 2008-2009 data LEA reported.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

For 2008-2009, our school has a professional development emphasis in the use of professional learning communities and culturally responsive teaching. Through our district's Trainer Of Trainers program, four times per year a team of teachers attends training on best teaching practices and returns to the site and shares the information they learned with the whole staff. In addition, our school has a weekly late start schedule in which students come to school one hour later. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school also receives a limited amount of Title II Funding that provides money for teachers in the core academic areas for release days where they focus on evaluating and developing curriculum, for supplementary teacher resources, and to send teachers to workshops.

New teachers, who have been teaching fewer than two years, are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
