Hours of Operation

Our office is open from 7:00 a.m. to 4:00 p.m. Monday through Friday. The office staff can assist parents with registering and enrolling their children and can give information about programs at the school.

School Highlights and Awards

- Academic Performance Index (API) increased from 797 to 830 in the past four years
- STAR similar schools ranking 10 out of 10
- STAR statewide ranking 8 out of 10
- Actively involved PTA and parent community
- EGUSD Science Fair champion and finalist

Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: www.egusd.net.

A Message From the Principal

Dear Families,

Welcome to Franklin Elementary School, a school that has been educating students in this community for over 125 years.

Franklin Elementary continues to provide a unique and wonderful educational experience for children, from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. Our single most important goal is to ensure that your child enjoys academic success throughout his or her educational experience at Franklin Elementary. We strive to work together with all parents/guardians to help all students achieve.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Franklin Elementary School is dedicated to developing respectful and responsible citizens who seek to make positive contributions to our diverse society. We resolve to accomplish this by:

- Maintaining a safe and nurturing learning environment
- Demanding high academic expectations of our students, staff, and parents
- Sustaining a strong and lasting sense of community

Parent support and involvement are important aspects of the success at Franklin Elementary. Some parents help plan the programs and policies, while others serve as classroom and library volunteers, field trip chaperones, or plan family activities. Parents also support student success by providing space, time, and encouragement for daily homework and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. Our character development program reinforces our school mission statement. The atmosphere of our school provides all children the opportunity to be academically successful.

John Santin, Principal
Franklin Elementary

Parental Involvement

Franklin Elementary School values each family's involvement in their child's education. We encourage every family to be actively involved in some activity throughout the year. There are a number of ways to become involved with your child's education. Our active PTA raised almost \$22,000 through various fundraising events last year, all of which have supported instructional programs at our school. We have Back to School Night, Open House, and two parent conferences during the year to provide parents with the opportunity learn more about their child's education. You are always welcome to volunteer in your child's classroom; become involved by attending parent conferences and Back to School Night; join the PTA, School Site Council or English Language Advisory Committee; or volunteer to help with one of our many school-wide activities. For more information on parent involvement opportunities, you may contact your child's teacher at 684-6518.

Teacher Credentials and Misassignments

Teacher Credentials		2007-2008
Total Number of Teachers		32
Total Full Credentials		32

SOURCE: 2007-2008 CBEDS, California Dept. of Education

In the 2008-2009 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

Teacher Misassignments and Vacancies		2008-2009
Misassignments of Teachers of English Learners		0
Misassignments Due to Subject Matter Competency		0
Teacher Vacancies		0

SOURCE: 2008-2009, EGUSD

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

The EGUSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction.

Included is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment:

Our school has 20 classrooms, a multipurpose room, a library, and an administration building. The main campus was built in 1955. Additions were constructed in 1968 and 1972. Two portable classrooms were constructed in 1997 for class size reduction. Our new parking lot was completed in December of 2008.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

School Facility Good Repair Status

Date of facilities inspection: 11/26/07

Item Inspected	Repair Status			Repair Needed
	Good	Fair	Poor	
Gas Leaks	x			None

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes over the last several years. We have reduced class size to 20 to 1 in Kindergarten through 3rd grade, and 26 to 1 in 4th through 6th grades. At the secondary level, certain core classes, such as Algebra I and 9th grade English, have reduced class sizes.

School Average	
Kindergarten	19.8
Grade 1	19.8
Grade 2	19.8
Grade 3	19.4
Grade 4	24.3
Grade 5	24.3
Grade 6	26.0

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced, Proficient, Basic, Below Basic, and Far Below Basic. Students scoring at the Proficient or Advanced level meet state standards in that content area.

Data reported are the percent of students scoring at the Proficient or Advanced levels.

Academic Performance Index (API)

The Academic Performance Index is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet. Each year a school's API is required to increase a minimum of 5% until they meet the 800 target overall and for significant subgroups. Schools across the state are ranked into ten categories, from one (lowest) to ten (highest), which is referred to as their statewide rank. In addition, each school is compared to 100 statistically matched similar schools and ranked against this group. This ranking is also ranked into ten categories, from one to ten. These ranks are published when the Base API is released each March.

Growth Score	830
Statewide Rank	8
Similar Schools Rank	10

SOURCE: 2007-2008, California Dept. of Education

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessments by 2014. In order to achieve this goal and meet annual performance objectives, districts and schools must improve each year according to set requirements. A "Yes" in the following table displaying Overall AYP Status indicated that AYP was met for all students and all subgroups.

Schools receiving Title I funding enter federal Program Improvement (PI) if they do not make Adequate Yearly Progress (AYP) for two consecutive years. In the 2008-2009 school year, there are no Program Improvement schools in our district.

Overall AYP Status Met	Yes
Program Improvement	N/A

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2008-2009, our school has a professional development emphasis on writing. Through our district's Trainer of Trainers program, four times per year a team of teachers attends training on best teaching practices and returns to the site and shares the information they learned with the whole staff. In addition, our school has a once a month after school curriculum implementation meeting to focus on instruction improvement. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs.

Our teachers also take part in a district math professional development program for teachers of grades 3-7 that is intended to increase students' conceptual understanding of mathematics. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities.

New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

School Safety Plan

At Franklin Elementary, we believe that nothing should get in the way of the academic achievement of our students. Our district is committed to providing a safe and secure environment for learning. Our staff reviewed and updated our Comprehensive Safe School Plan in September 2008. Our students and staff participate in regularly planned fire drills and lockdown drills. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Specialized Programs

At our school we have highly qualified staff to assist students with special learning needs. Our Learning Center services not only special education students, but also general education students who need additional support to meet the standards. Bilingual Teaching Associates help our English Learners access the core curriculum. Gifted and Talented students participate in accelerated instruction in their regular classroom. We have enrichment programs such as Student Leadership and Jogging Club for outside of the classroom activities. After school tutoring programs are offered at various times during the school year.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
Beginning	\$40,047	\$40,721
