Hours of Operation

Our office is open from 7:30 a.m. to 4:00 p.m. Monday through Friday. Parents are always welcome to visit the office to address any questions or concerns they may have about the school or their children. The office staff can assist parents with registering, enrolling children, and providing information about programs at the school.

School Highlights and Awards

- 729 points on the Academic Performance Index, 2008
- California Distinguished School, 2004
- California Achieving School, 2002

Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: www.egusd.net.

A Message From the Principal

John Reith Elementary
 A Community of Lifelong Learners!

A great school striving for excellence through the continual education of our staff, students, parents, and community.

John Reith Elementary provides a unique and wonderful educational experience for children, from the safety of the campus, the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Our success in implementing our district's mission can be evidenced through our school's special strengths, including:

- An Academic Performance Index score of 729 points
- Moving students out of the Far Below Basic area on the California Standards Test

Parent support and involvement continue to be important aspects of the success of John Reith Elementary. This support is given, recognized, and appreciated in many different ways. Some parents help plan the programs and policies, others serve as classroom and library volunteers, plan family activities, or work as art docents. Parents also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. We emphasize cooperative, responsible, and respectful behavior. The atmosphere of the school makes our students feel comfortable and secure.

Gordon J. Blackwood, Principal
 John Reith Elementary

Parental Involvement

There are a number of ways to become involved with your child's education. Our school has an active Parent and Teacher (PAT) Club, which sponsors several activities each year. We are proud to have Watch DOGS (Dads Of Great Students). Our School Site Council assists the principal with important governance decisions. We have Back to School Night, Open House, and curriculum nights. You are always welcome to volunteer. Parents can also become involved by attending teacher conferences. For more information contact the office staff at 399-0110.

Teacher Credentials and Misassignments

Teacher Credentials

2007-2008

Total Number of Teachers	43
Total Full Credentials	43

SOURCE: 2007-2008 CBEDS, California Dept. of Education

In the 2008-2009 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

Teacher Misassignments and Vacancies

2008-2009

Misassignments of Teachers of English Learners	1
Misassignments Due to Subject Matter Competency	1
Teacher Vacancies	0

SOURCE: 2008-2009, EGUSD

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Included is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school has 38 classrooms, a multipurpose room, a library, and an administration building. The main campus was built in 1989.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

School Facility Good Repair Status

Date of facilities inspection: 5/24/07

Item Inspected	Repair Status			Repair Needed
	Good	Fair	Poor	
Gas Leaks	x			None
Mechanical Systems	x			None

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes over the last several years. We have reduced class size to 20 to 1 in Kindergarten through 3rd grade, and 24 to 1 in 4th through 6th grades. At the secondary level, certain core classes, such as Algebra I and 9th grade English, have reduced class sizes.

School Average	
Kindergarten	20.0
Grade 1	20.0
Grade 2	20.0
Grade 3	19.8
Grade 4	24.0
Grade 5	24.2
Grade 6	22.9

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced, Proficient, Basic, Below Basic, and Far Below Basic. Students scoring at the Proficient or Advanced level meet state standards in that content area.

Data reported are the percent of students scoring at the Proficient or Advanced levels.

SOURCE: Spring 2008, California Dept. of Education

Academic Performance Index (API)

The Academic Performance Index is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet. Each year a school's API is required to increase a minimum of 5% until they meet the 800 target overall and for significant subgroups. Schools across the state are ranked into ten categories, from one (lowest) to ten (highest), which is referred to as their statewide rank. In addition, each school is compared to 100 statistically matched similar schools and ranked against this group. This ranking is also ranked into ten categories, from one to ten. These ranks are published when the Base API is released each March.

Growth Score	729
Statewide Rank	4
Similar Schools Rank	7

SOURCE: 2007-2008, California Dept. of Education

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessments by 2014. In order to achieve this goal and meet annual performance objectives, districts and schools must improve each year according to set requirements. A "Yes" in the following table displaying Overall AYP Status indicated that AYP was met for all students and all subgroups.

Schools receiving Title I funding enter federal Program Improvement (PI) if they do not make Adequate Yearly Progress (AYP) for two consecutive years. In the 2008-2009 school year, there are no Program Improvement schools in our district.

Overall AYP Status Met	No
Program Improvement	Not in PI

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2008-2009, our school has a professional development emphasis in writing. Through our district's Trainer of Trainers program, four times per year a team of teachers attends training on best teaching practices and returns to the site and shares the information they learned with the whole staff. In addition, our school has two minimum days for staff training and review of data. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs.

Our teachers also take part in a district math professional development program for teachers of grades 3-7 that is intended to increase students' conceptual understanding of mathematics. Additionally, our special education teachers are participating in a grant funded training program that trains them in understanding how to best provide the standards based curriculum to their students with learning disabilities.

New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

School Safety Plan

We believe that nothing should get in the way of the academic achievement of our students. Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in July 2008. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Specialized Programs

We have a highly qualified staff to assist students with special learning needs. Our Learning Center services special education students and other students who need additional support to meet standards. Bilingual Teaching Associates help our English Learners access the core curriculum. Gifted and Talented students participate in accelerated instruction and an after school extended day program. Our choir provides enrichment in music instruction. START (Students Today Achieving Results for Tomorrow) provides homework assistance, literacy instruction, and enrichment activities.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
Beginning	\$40,047	\$40,721
Midrange	\$59,384	\$65,190
