## Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.

Calvine High School serves a significant number of lower-income students (66%). In addition, given the purpose of Calvine High School as an alternative education campus that provides a second chance to re-engage struggling learners in academics and wellness, additional resources are needed to respond to greater needs.
